J. A. DOWER,
Ship Carpenter and Boat Builder.

HAS on hand and for sale various sized surf boats, constructed on an improved principle of my own invention, each frame being of one piece across the keel. The frames are closer together, and the boats are therefore lighter and less liable to bilge in, than boats of any other build. Each side plank and gunwale is in one piece from stem to stern, and is consequently not liable to strain, there being no midship butts. The material and workmanship are warranted to be of the best quality.

Mr. Robert Lewers, of Lewers & Cooke, will attend to the sale of these boats, and dispose of them at San Francisco prices. 65 1y
